

## 1. Identification of the substance/mixture and of the company/undertaking

1.1. Product identifier	
Product Identity	Poly White 741
Alternate Names	Poly White, 741, Plastisol Screen Printing Ink
1.2. Relevant identified uses of the substance or mixtur	e and uses advised against
Intended use	Screen Printing.
Application Method	See Technical Data Sheet.
1.3. Details of the supplier of the safety data sheet	
Company Name	International Coatings Company, Inc.
	13929 East 166th Street
	Cerritos, CA 90702-7666
Emergency	
24 hour Emergency Telephone No.	(800) 255-3924
Customer Service: International Coatings Company, Inc.	(562) 926-1010

## 2. Hazard identification of the product

#### 2.1. Classification of the substance or mixture

Repr. 1B;H360FD

May damage fertility. May damage the unborn child.

#### 2.2. Label elements

Using the Toxicity Data listed in section 11 and 12 the product is labeled as follows.

H360FD\* May damage fertility. May damage the unborn child.

#### [Prevention]:

P202 Do not handle until all safety precautions have been read and understood.

P281 Use personal protective equipment as required.

#### [Response]:

P308+313 IF exposed or concerned: Get medical advice / attention.

#### [Storage]:

P405 Store locked up.

#### [Disposal]:

P501 Dispose of contents / container in accordance with local / national regulations.

## 3. Composition/information on ingredients

This product contains the following substances that present a hazard within the meaning of the relevant State and Federal Hazardous Substances regulations.

Ingredient/Chemical Designations	Weight %	GHS Classification	Notes
2,2,4-trimethyl-1,3-pentanediol, dibenzoate CAS Number: 0068052-23-3	15 - 40	Repr. 1B;H360FD	[1][2]
Titanium dioxide CAS Number: 0013463-67-7	15 - 40	Not Classified	[1][2]
Polyvinyl Chloride/Polyvinyl Acetate Copolymer CAS Number: Proprietary	10 - 30	Not classified	[1]
PVC (Chloroethylene, polymer) CAS Number: Proprietary	10 - 30	Not Classified	[1]

In accordance with paragraph (i) of §1910.1200, the specific chemical identity and/or exact percentage (concentration) of composition has been withheld as a trade secret.

[1] Substance classified with a health or environmental hazard.

[2] Substance with a workplace exposure limit.

[3] PBT-substance or vPvB-substance.

\*The full texts of the phrases are shown in Section 16.

## 4. First aid measures

#### 4.1. Description of first aid measures

General	In all cases of doubt, or when symptoms persist, seek medical attention. Never give anything by mouth to an unconscious person.
Inhalation	Remove to fresh air, treat symptomatically. Seek medical attention if symptoms persist.
Eyes	Irrigate copiously with clean water for at least 15 minutes, holding the eyelids apart and seek medical attention if symptoms persist.
Skin	Remove contaminated clothing. Wash skin thoroughly with soap and water or use a recognized skin cleanser. Seek medical attention if symptoms persist.
Ingestion	Seek medical advice.

#### 4.2. Most important symptoms and effects, both acute and delayed

**Overview** Symptoms may be delayed. See section 2 for further details.

## 5. Fire-fighting measures

#### 5.1. Extinguishing media

Recommended extinguishing media; alcohol resistant foam,  $CO_2$ , powder, water spray. Do not use; water jet.

#### 5.2. Special hazards arising from the substance or mixture

Hazardous decomposition: Hydrogen chloride (if heated), carbon monoxide and carbon dioxide. Do not breathe mist / vapors / spray.

#### 5.3. Advice for fire-fighters

In the event of fire, wear full protective clothing and NIOSH Approved Self-contained breathing apparatus with full face piece operated in the pressure demand or other positive pressure mode. Move container from fire area if it can be done without risk. Use water to keep fire exposed containers cool and disperse vapors.

ERG Guide No.

## 6. Accidental release measures

#### 6.1. Personal precautions, protective equipment and emergency procedures

Wear protective equipment as listed in Section 8 during clean up operations.

#### 6.2. Environmental precautions

Do not allow spills to enter drains or waterways.

----

Use good personal hygiene practices. Wash hands before eating, drinking, smoking or using toilet. Promptly remove soiled clothing and wash thoroughly before reuse.

#### 6.3. Methods and material for containment and cleaning up

Ventilate the area and avoid breathing vapors. Take the personal protective measures listed in section 8.

Contain and absorb spillage with non-combustible materials e.g. sand, earth, vermiculite. Place in closed containers outside buildings and dispose of according to the Waste Regulations. (See section 13).

Clean, preferably with a detergent. Do not use solvents. Do not allow spills to enter drains or watercourses.

If drains, sewers, streams or lakes are contaminated, inform the local water company immediately.

## 7. Handling and storage

#### 7.1. Precautions for safe handling

Normal, good industrial hygiene practices. See section 2 for further details. - [Prevention]:

#### 7.2. Conditions for safe storage, including any incompatibilities

Handle containers carefully to prevent damage and spillage.

Store in cool dry place. Elevated temperatures thicken product and shorten useful life.

Incompatible materials: see section 10 for further details.

See section 2 for further details. - [Storage]:

#### 7.3. Specific end use(s)

No data available.

## 8. Exposure controls and personal protection

#### 8.1 Control parameters

# 8.2. Exposure controlsKespiratoryNot RequiredFyesWear safety eyewear, e.g. safety spectacles, goggles or visors to protect against the splash of liquids.SkinNeoprene gloves are recommended.

SDS Revision Date: 04/12/2024

Engineering Controls	Provide adequate ventilation. Where reasonably practicable this should be achieved by the use of local exhaust ventilation and good general extraction. If these are not sufficient to maintain concentrations of particulates and any vapor below occupational exposure limits
	suitable respiratory protection must be worn.

**Other Work Practices** Use good personal hygiene practices. Wash hands before eating, drinking, smoking or using toilet. Promptly remove soiled clothing and wash thoroughly before reuse.

See section 2 for further details. - [Prevention]:

No other relevant information.

## 10. Stability and reactivity

SDS Revision Date: 04/12/2024

#### 10.1. Reactivity

Hazardous Polymerization will not occur.

#### 10.2. Chemical stability

Stable under normal circumstances.

#### 10.3. Possibility of hazardous reactions

No data available.

#### 10.4. Conditions to avoid

Avoid exposure to heat and humidity.

#### 10.5. Incompatible materials

Composition: Avoid contact with strong acids, alkali or oxidizing agents.

#### 10.6. Hazardous decomposition products

Hydrogen chloride (if heated), carbon monoxide and carbon dioxide.

## 11. Toxicological information

## 12. Ecological information

#### 12.1. Toxicity

The preparation has been assessed following the conventional method of the Dangerous Preparations Directive 1999/45/EC and GHS and is not classified as dangerous for the environment but contains substance(s) dangerous for the environment. See section 3 for details

#### **Aquatic Ecotoxicity**

#### 12.2. Persistence and degradability

There is no data available on the preparation itself.

#### 12.3. Bioaccumulative potential

Not Measured

#### 12.4. Mobility in soil

No data available.

#### 12.5. Results of PBT and vPvB assessment

This product contains no PBT/vPvB chemicals.

#### 12.6. Other adverse effects

No data available.

### 13. Disposal considerations

#### 13.1. Waste treatment methods

Observe all federal, state and local regulations when disposing of this substance.

14. Transport information
